

# BOILING STERILIZER

BS-1836

BS-1836

## Features:

- All hydraulically pressed 188 stainless steel, can withstand electrolysis without corrosion.
- Long life immersion stainless nickel pipe heater, explosion & corrosion proof.
- Precision mechanical timer with bell.
- Waterless overheating prevention system with auto power cut-off.
- Quality certificate: ISO 9001, ISO 13485.

## Specifications:

Model	Timer	Heater	Thermostat	Tray dimension (mm) (WxDxH)	Chamber dimension (mm) (WxDxH)	Overall dimension (mm) (WxDxH)
BS-1836	0~60 min. mechanical timer	1500W	Temperature over to 150 °C auto cut-off power	350x165x30	360x180x125	525x190x170

Power supply: AC 220V 50/60Hz
